The Honorable Thomas D. Long
Mayor, City of Rancho Palos Verdes
30940 Hawthorne Boulevard
Rancho Palos Verdes, CA 90275

Dear Mayor Long:

On behalf of the Torrance Woman's Club, we would like to express our appreciation for the office of Palos Verdes on the NET. Mr. Ted Vegvari and his staff provide a great service to non-profit organizations. To explain, our website was very much in need of being updated and none of our members are skilled at keeping our website up-to-date. A friend of mine suggested that I visit the office of Palos Verdes on the NET to ask for help with our club's website. In taking her advice, I was delighted with the courteous professionalism demonstrated by Mr. Herb Stark and Ms. Betty Riedman, who are both volunteers at Palos Verdes on the NET, and our members are thrilled with the results.

At different times throughout the year, the success of our club's volunteer programs depends on business establishments, and we are grateful for the support of Palos Verdes on the NET.

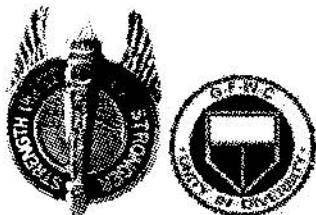

Again, thank you for the assistance by the City of Rancho Palos Verdes in helping non-profit organizations with their websites.

Sincerely,

A handwritten signature in cursive script that reads "Kathleen Davis".

Kathleen Davis
