Rancho Palos Verdes, California 90275

Dear Council Members:

On behalf of the Flight Path Board of Directors, I write to express our sincere appreciation for the ongoing service provided to Flight Path by Palos Verdes on the Net. We are deeply grateful for PVNET's hosting of the Flight Path website www.flightpath.us, enabling us to reach residents of the Palos Verdes Peninsula, South Bay and elsewhere with news of our educational programs and services.

Flight Path offers aviation-related exhibits, speakers, programs and classes to the public, with a special emphasis on encouraging youth to pursue education and careers in aviation and aerospace. Admission and parking are free. Several of our volunteers and many of our visitors reside in Palos Verdes Peninsula communities.

Again, we are deeply grateful for the service provided to our nonprofit 501(c)(3) organization by PVNET. Enclosed is additional information about Flight Path and our programs.

Sincerely,

Lee Nichols
Executive Director
