

## RPV COUNCIL OF HOMEOWNERS ASSOCIATIONS (CHOA)

Mayor Wolowicz and Members of the City Council:

I would like to applaud you for supporting the City's Channel 33 Student Intern Program and Ted Vegvari for producing it. What an amazing operation!

Recently I was interviewed by Vivian Long, a student intern in Ted's program, she did an outstanding job and handled the interview with a great deal of poise and maturity. I was equally impressed with the many interns who, under Ted's direction, operated all of the studio equipment necessary to produce the program.

The interview was shown repeatedly "On Matters Affecting RPV and its Residents." I received many nice comments from people who watched the interview; and they all told me that they regularly watch Channel 33.

Channel 33 student-internship is a wonderful program that gives the students an opportunity to showcase their talent and education; in turn, it allows the students to assist in producing programs that inform and educate the public. I appreciated the opportunity to talk about CHOA on this successful program and the chance to meet the students and see the Channel 33 operation in person. I urge you to continue your support for this program.

Sincerely,

Jon Cartwright, President
